

Getting Started with Airtable

Join us for the next session in our Skill Builder Series as we learn how to get started using Airtable. Our guest speaker Julian E. Post is an independent consultant and accredited Airtable Service Provider who has developed quite a following as a TikTok and YouTube personality. His YouTube videos break down low-code technologies so that even beginners can understand how to get started. Julian will be teaching us the basics of airtable, but even experienced Airtable users may pick up some tricks.

The webinar will be held on May 2, 2024 from 3-4 pm EDT.
