

Webinar: Rebuilding LawHelpMN.org

Electric Citizen partnered with the Minnesota Legal Services Coalition to redesign the statewide legal services website, LawHelpMN.org. The new site is set to be launched in January 2019 <https://www.lawhelpmn.org/>. We will demonstrate how we developed a platform to serve a statewide network of legal service providers, while providing powerful new online tools to serve low-income Minnesotans in need of legal aid.

Content includes:

- Planning and technology behind the new online “triage” tools, guiding users to service providers, legal materials and online intake
- Planning and technology behind online tools for legal service providers management
- How we utilized open-source tools to create a powerful editing experience and multi-lingual environment
- User testing, what we learned
- Tips for managing the relationship between the client and web developer agency

Presenters:

Dan Moriarty, Creative Director at [Electric Citizen](#)

Tim Broeker, Technical Director at [Electric Citizen](#)

J. Singleton, Legal/Technology Projects Manager at [MN Legal Services](#)
