

Webinar: DocAssemble

Docassemble is a free, open-source expert system for guided interviews and document assembly. It provides a web site that conducts interviews with users. Based on the information gathered, the interviews can present users with documents in PDF, RTF, or DOCX format, which users can download or e-mail. Docassemble was created by a lawyer/computer programmer for purposes of automating the practice of law, but it is a general-purpose platform that can find applications in a variety of fields.

Speakers:

- Jonathan Pyle, Philadelphia Legal Assistance
- Quinten Steenhuis, Greater Boston Legal Services/Lemma Legal
- Dorna Moini, Documate
- Scott Kelly, Community.lawyer
