Improving Security through Policy and Practices

Keeping your network secure and your data private can be a daunting task, especially when the news is full of stories about the latest major security breach and the subsequent patches. This webinar will focus on examining which policies and management practices are more and less vulnerable.

Speakers: TBD

Time: 1 PM Eastern, Noon Central, 11 AM Mountain, 10 AM Pacific

Cost: Free

Register

For questions about these trainings, please contact Sart Rowe of Northwest Justice Project at sart.rowe@nwjustice.org. This training will be recorded for later posting on LSNTAP.org's website and NTAP YouTube Channel.

Date: *Tuesday, October 23, 2018 - 10:00am to 11:30am*

Printed: December 18, 2018
