## **ATTENTION LAW STUDENTS! ATJ Tech Fellows Is Seeking Students**

ATJ Tech Fellows is looking for entrepreneurial-minded law students who are passionate about social justice and want to spend the summer learning new ways to leverage technology in order to improve access legal services for low-income individuals and communities.

The fellowship positions are open to rising 2L & 3L law students from any ABA-accredited law school in the country, but preference will be given to applicants within the host organization's state. A prior technology background is not necessary, as students will be equipped with the concepts and skills necessary to carry out their work. Law students who possess the following qualities are encouraged to apply:

- *Demonstrated or stated commitment to access to justice issues;*
- *A commitment to academics and education, and involved in professional/extracurricular/volunteer activities;*
- *First-rate analytical, communications, research, and writing skills; and*
- *Ability to manage multiple projects simultaneously and efficiently, and to work smartly and resourcefully in a fast-paced environment.*

### ***Online Application***

Candidates must complete all required fields of the Online Application Portal. Candidates must also attach their personal statement questions in addition to their resume, official letter of academic good standing from a ABA-accredited law school. The contact list of two references should be included with your attached resume document. Please attach all files in PDF format.
